SUBMARINE HISTORY:

The Base Vice CDR read the historical presentation prepared by Woody Woodworth on USS Grayback (SS-208). (Woody was delayed arriving at the meeting)

The following is paragraph (1.) of Commander Submarine Force, Pacific Fleet SECRET (Now declassified) letter dated MAR 30 1944 with the Subject: U.S.S. GRAYBACK (SS208) – loss of.

“1. It is with deepest regret that the Commander Submarine Force, Pacific Fleet, announces that the U.S.S. GRAYBACK is overdue from war patrol and must be presumed lost. The GRAYBACK closed out her final chapter in an outstanding manner in keeping with the previous fine record of this submarine. The two messages received from her on her final patrol reported an estimated total of 50,000 tons of enemy shipping sunk and damaged. This impressive total is merely another indication of the courage, determination, and aggressiveness of the Commanding Officer and all under his command.”

The following is an extract of the patrol description for GRAYBACK included in:
UNITED STATES SUBMARINE VETERANS OF WORLD WAR II, Volume Four, page 340.

“Japanese information made available since the cessation of hostilities records an anti-submarine attack which probably explains GRAYBACK’s fate. It came on 26 February, and in about the expected position of GRAYBACK at the time. The enemy tells of finding a surfaced sub at 25°-47’N, 128°-45’E. A carrier plane “gave a direct hit at the sub, which exploded and sank immediately.” The attack was continued by surface craft at the point where bubbles rose, and an oil slick appeared covering an area of 100 by 250 meters.

GRAYBACK was credited with an estimated 25,000 tons sunk and 25,000 tons damaged on her final patrol. In the first nine patrols of this vessel, she is credited with 22 ships sunk, for 83,900 tons, and 9 damaged for 49,300 tons.”

At this point the Base CDR opened the floor for discussion on whether we should hold a Holland Club Luncheon this year. A vote was taken; and we will NOT hold a Holland Club luncheon in 2019. We will ensure that both members receive all of their Holland Club awards materials in the mail.

COB: Nothing to report (NTR)

PAO: Mike Varone recently attended a Fleet Reserve Association (FRA) meeting in Fredericksburg, VA and Mr. Bill Ashton of the FRA has volunteered to brief us on Veterans Affairs matters.

On January 30, 2019, the U.S. Court of Appeals for the Federal Circuit reversed a decade-old ruling yesterday that potentially paves the way for the return of earned disability benefits for some 90,000 so-called Blue Water Navy veterans from the Vietnam War.

WEBMASTER: Howard Chatham reported:

 - Maps and information on the Post 162 facility will be deleted soon.

KAP(ss) 4 KID(ss):

Steve Bishop reported that our next K4K visit will be to: **INOVA Fairfax Hospital in Falls Church, on Thursday, March 21, 2019 at 2:30 PM.** The facility is on Gallows Road, just west of route I-495 and just south of route 50. Contact Steve Bishop at 703-895-8137 if you would like to join them.

The nationwide 2019 Walmart Community Grant funds submittal window opens Feb 15, 2019. Each local Walmart Store Manager has approval authority. Our K4K applications will be submitted to only those stores that have approved funding for our K4K efforts previously.

Steve will be visiting those Walmart stores in our area to speak face-to-face to the store general managers. When he does, he will be showing them samples of our K4K wares and photos taken on previous K4K visits (we hold the signed parental permission slips) before we submit any grant applications. Walmart has contributed significantly to our program for the last three years, as well as to other USSVI K4K programs across this country. Our K4K team and the EXCOM will approve the text of these on-line applications before they are submitted.

2. CDR e-mailed to National about the discrepancy in USS SCORPION Lost at Sea date.
- 3. A two-alarm fire occurred at American Legion Post 162 on January 26, 2019 resulting in severe damage to the Post.**
 - On Wednesday, the EXCOM met Amos at the Post to retrieve the items from the storage behind the stage. About half of the items were deemed not worth salvaging and disposed of; the EXCOM is attempting to salvage/restore the remaining items. As we cleaned out our items, water was still running out of the meeting hall, over the door’s threshold, onto the steps, to the parking lot, and towards the caboose.
 - The attached picture is not two A-gangers ready to dive Sanitary # 2, but rather your NOVA Base leadership (Chuck and Brian). They entered Post 162’s rear door to gain access to our stored materials back stage to remove, triage, and save all we could from the fire- and smoke-damaged building.
 - Some wall items were placed in the caboose immediately after the fire by staff. However, we did not have access to the caboose. We are waiting on Amos to let us know when we can get into the caboose to see if any of the Base items, e.g., dolphin display case, USS Scorpion collection, etc., was collected and if it is potentially salvageable.
 - The normal Base meeting setup items, e.g., ship’s bell, flag poles/stands, green table clothes flags and collection cans were spared any damage due to being located at the CDR’s home after the January meeting at NSL.

- The EXCOM is arranging for temporary meeting locations. Once we know the meeting location for the upcoming month, the information will be distributed by e-mail and will be posted to our website. Going forward, Springfield's American Legion Post is allowing Lorton's AL Post 162 to share their facilities during the Post's recovery efforts.
- 4. LT Jimmy Aylward, January's guest speaker, sent the Base a hand-written Thank You note. It is included in the minutes. (attached)
- 5. The USS Thresher Memorial at the Arlington National Cemetery (ANC) has been approved. The opening is expected to be in the October/ November 2019 timeframe.
- 6. The Base is discontinuing the inclusion of the USSVI News, News from the Fleet, and previous information emailed during the month in the minutes beginning this month.
